SUBJECT: REQUEST FOR EXTENSION -- REVISED SEWAGE SPILL DATA

On January 30, 2007 the Board of Supervisors instructed my Office to review and correct audit data pertaining to both accurately reflect spills into the various watersheds and the reporting of sewage spills to the City of Long Beach Health Officer and the County of Los Angeles Health Officer, and to report back to the Board within 30 days.

To date, we have obtained updated sewage spill data from the Department of Public Works and the Los Angeles County Sanitation Districts, and we have begun to analyze the data. We have not yet received complete sewage spill data from the City of Los Angeles' Bureau of Sanitation and we do not yet have spill reporting data from the City of Long Beach's Public Health Officer.

In order to obtain the necessary information, complete our review, and prepare a report for your Board's consideration, additional time is needed. We plan to submit our report to your Board by March 23, 2007.

If you have any questions or need additional information, please contact me, or your staff may contact DeWitt Roberts at (213) 974-0342.
